Planning Fee and Suggest Budget Depend on Complexity

- Excursions can be suggested and added after booking and we can help add some awesome memories for you Instagram or photo album.
- This includes help with COVID restrictions and all the hoops such as apps or travel authorization forms needed to get into these international and Hawaiian destinations.
- 24/7 assistance while traveling
- Fees are based on experienced complexity in these destinations based on time involved (based on experience with over 500 trips booked / rebooked this past year) and numbers of calls involved and the hold times we encounter when researching, planning, booking and going over all the information.
- These fees are to cover the cost of doing business and to protect the integrity of the business. We have valuable knowledge, information and resources that we use to curate a great experience for you to save you time and prevent costly mistakes that could occur when booking on your own.
- You may use our plans to book on your own if you'd like or to book with another agency. I will have saved you or the other agent time.
- Planning Fees are nonrefundable and may only be used for 1 Trip Request
- Minimum Budgets are based on average costs and based on an average of two people traveling and is not inclusive of air or insurance.
- Minimum suggested budget is based on hotel nights, transportation costs and a few activities.
